TMS Belle Armonia Ensemble Awarded

1st at State Music Contest

The Belle Armonia Ensemble is an auditioned performance ensemble at Thompson Middle School that provides continuing growth in music through the study and performance of advanced orchestral literature. Private study is highly recommended as students must meet rigorous audition criteria to be considered for this group.

Belle Armonia performs several times each year at festivals and competitions. During this school year, the group earned a first place rating at both the District and State Music Contests. The State Music Contest took place last weekend, on April 28, in Joliet.

Their next stop is the Music in the Parks Competition held on May 18, in Gurnee, where their performance will be followed by a day at Great America!

St. Charles East Student Places First at IHSA Journalism State Finals

St. Charles East junior Carmella Furio, who serves as managing editor of the school's newspaper X-Ray, was awarded first place for Editorial Writing on April 27 during the IHSA's Journalism State Finals at Eastern Illinois University.

Carmella has been a member of St. Charles East's X-Ray newspaper for three years. She began as a staff writer, and then moved into the role of assistant editor before being named as managing editor for the 2018-2019 school year.

This is the second year Carmella participated in the IHSA Journalism State Series Competition. Carmella's first place finish at sectionals in the category of Editorial Writing qualified her for the state finals. The Editorial Writing prompt for sectionals was based on the topic of a school's fundraising efforts. Students who place in the top three spots at sectionals qualify for the state competition.

The prompt at the state level was related to protecting schools against gun violence. Her winning entry will be posted on the [IHSA website](http://www.ihsa.org) in the coming days.

Bilingual Parent Advisory Committee (BPAC)

Spring Events

The District 303 Bilingual Parent Advisory Committee is made up of parents of English learners, community members, and District 303 staff members who work together to foster relationships and provide educational programming. Over the last few weeks, BPAC has hosted two events aimed at supporting students and their families.

Fermilab is committed to partnering with the community and, on April 19, members of the Fermilab Society of Hispanic Professional Engineers (fSHPE) visited with BPAC students and families. As part of the presentation, staff members Jose De La "O", Raul Campos, Felix Sotres, Ruben Noceda, and Jeny Teheran discussed ways in which Fermilab can work with District 303 to give bilingual teachers and students the opportunity to build relationships with bilingual scientists and engineers.

During the meeting, Davis second grade students from Mrs. Heynck's and Mrs. Proa's classes shared videos they made showing what they had learned during their recent Project Lead the Way unit, The Changing Earth. Members of the fSHPE were not only impressed with the STEM initiatives in D303, but also that the students were able to communicate complex scientific concepts in both English and Spanish at such young ages.

The first Día del niño, or Children's Day, celebration was held on Sunday, April 29 at the Thompson 7th/8th Center. Children's Day is an annual event that has been celebrated in Mexico since the early 1920's. As the name implies, the day focuses on the importance of loving, accepting and appreciating children.

Through the efforts of BPAC officers, Edna Rubio and Yesenia Martinez, along with support from D303 staff and student volunteers from the Spanish National Honor Societies of East and North High Schools, over 200 people came together to celebrate. Children, along with their siblings, parents, and even grandparents enjoyed an afternoon of reading stories, learning about reptiles, playing games and listening to mariachis. Students spent time writing books that they were able to take home along with the two books they received from the book fair.

The final BPAC event this spring is the Annual Statewide Summit for Bilingual Parents on May 12 at the Hilton/Chicago Oak Brook Hills Resort and Conference Center. Attendees will be able to choose from a variety of sessions designed for parents from linguistically and culturally diverse backgrounds.

Employer Appreciation Breakfast

Cooperative Education classes provide students with hands-on work experiences combined with a study of practical work-related topics and consumer skills. Students at both high schools also have the opportunity to work at local businesses as part of an internship program. The purpose is to expose students to real world working experiences in industries that interest them. Often students find a career path based on where they have worked. Or, just as important, they may find out that the industry or job is not for them.

Each year, students, teachers and employers come together to celebrate the accomplishments of the students, and to show appreciation to the community businesses who generously give their time and efforts to help students learn about various careers. Over 50 students and their employers came together this morning to celebrate at the annual Employer Appreciation Banquet at St. Charles East High School. Six students received student of the year recognition from their teachers and employers.

Congratulations to:

St. Charles East Cooperative Students of the Year

Ryan Donohue, Play it Again Sports
Trinity Furmanski, European Wax Center
Abigail Mortensen, Goldfish Swim Center
Mikaela Utley, Target

St. Charles East Intern of the Year

Emily Erickson, Advocate Sherman Hospital

St. Charles North Intern of the Year

COMMUNITY BACKPACK

CONFIDENCE. PASSION. CHARACTER. Take this opportunity to join the premier soccer club in the Western Suburbs

"My son has had excellent role models and fantastic coaches. People always ask if it is worth it. I say YES! My son has been around good kids, good coaches and good parents. Great investment!"
- C.A. St. Charles, IL

Campton United uniquely offers a positive and dynamic learning environment where players not only learn to individually succeed but also contribute to the success of others. Boys and girls get the opportunity to advance their skills to competitive levels while sharing competitive experiences with old and new friends. Parents get the confidence that comes with choosing a club with a history of achievement, a professional staff, an unparalleled commitment to kids' development on and off the field and the only soccer club in the Western Suburbs with membership in the prestigious US Soccer Development Academy.

**TRYOUTS
MAY 7-
MAY 24**

Tryouts are free and fast for the youngest players just starting, we offer a low intensity, highly fun program that does not require attending tryouts. Call for details.
