

INCLUSIVITY JOURNAL CLUB

Why are some groups represented disproportionately in STEM fields? Is there anything we can do to correct these imbalances? What other problems might arise from these imbalances?

These questions form the basis for extensive scientific inquiry. If you're interested in what the academic literature has to say about inclusivity/diversity in STEM, then you are very welcome to attend the **Inclusivity Journal Club**. We meet monthly to discuss the scholarly efforts aimed at a better understanding of these issues.

When: November 17, 2017 at 10 am

Where: Hire Energy Physics Room, WH15NE

What: This month, we're discussing literature related to the Implicit Association Test: <https://implicit.harvard.edu/implicit/>

Who: Please contact Daniel Bowring with questions: dbowring@fnal.gov.
