

INCLUSIVITY JOURNAL CLUB

The Inclusivity Journal Club meets monthly to discuss academic literature related to issues of diversity and inclusivity in STEM. This month's discussion is centered on the recent NASEM report, *Sexual Harassment of Women: Climate, Culture, and Consequences in Academic Sciences, Engineering, and Medicine*. We will focus specifically on Chapter Six, in which methods are discussed for creating a more inclusive and equitable climate and culture within higher education. This includes the role of leadership, how to incentivize change, and how to measure progress.
