

FERMILAB YOUNG PROFESSIONALS

Fermilab **Young Professionals**

1/25/18

Edition 7

Hello FYP!

Happy New Year! We had such a great time at the FYP holiday party and hope you did too! It's hard to believe FYP is already one year old. We have a lot of exciting plans for year two!

To start, we had a great tour of the SRF facilities last week and our rock climbing night is next week! If anyone is interested in helping coordinate events or has event ideas, contact Jeny (jteheran@fnal.gov) or Hannah (hward@fnal.gov).

A few months ago, we started an informal mentorship program called Fermi Buddy for new employees. We have had a lot of interest in this program and are looking for more mentors! Please email Hannah (hward@fnal.gov) if you would like to be a mentor or mentee.

Upcoming events

- Rock climbing night at Vertical Endeavors – Friday, Feb. 1

Lab events

- [New workplace inclusion series starts Jan. 31](#)
- [A conversational English class meets every Tuesday at the User's Center](#)
- [The Fermilab Arts and Lecture series has a variety of upcoming events](#)
- [Join the Fermilab Society of Hispanic Engineers at Cafecito on Jan. 29](#)
